Subject: Re: invitation to Jennifer Orme-Zavaleta for SEJ panel

Nancy,

I'm writing to reiterate my invitation to Jennifer Orme-Zavaleta to participate in the panel discussion about science in the Trump administration? The panel is scheduled for 2pm on Friday Oct. 5 during the Society for Environmental Journalists conference.

I have a deadline to provide names of participants by Aug. 15, so I would be grateful for a reply by then. Of course if she would like to participate but needs more time to confirm, I can definitely tell conference organizers that.

The conference will be in Flint Michigan. Each panelist will be asked to give a brief opening statement and then we will field questions from the audience.

Perhaps Orme-Zavaleta could speak briefly about why the Trump administration proposed its secret science rule: <https://www.epa.gov/newsreleases/epa-administrator-pruitt-proposes-rule-strengthen-science-used-epa-regulations>.

Sincerely,
Elizabeth Shogren

Hi Nancy,
I hope this email finds you well and enjoying your summer.
Tomas Carpenter tells me you are the contact person who can help me secure participation in my SEJ panel about the Trump administration's approach to science.
Please let me know if there's something else I should do to properly invite Ms. Orme-Zavaleta to participate.
Sincerely,
Elizabeth Shogren

Ms. Shogren,

I forwarded your request to our staff in the Office of Public Affairs as well as the staff you mentioned in your email. I understand there are several SEJ requests and the OPA staff are the point of contact. Ms. Grantham's staff are the best point of contact for your panel request.

Best Regards,

Thomas Carpenter

Subject: invitation to SEJ panel

Mr. Carpenter.

Thank you for speaking with me.

I'm moderating a panel on October 5 about science in Trump administration as part of the Society of Environmental Journalism's annual conference, which this year will be in Flint, Michigan.

I would greatly appreciate if Jennifer Orme-Zavaleta would participate in the panel.

The conference will be in Flint Michigan. Each panelist will be asked to give a brief opening statement and then we will field questions from the audience and I will likely ask some questions as well. Panelists will be encouraged to engage each other as well. Perhaps Orme-Zavaleta could speak briefly about why the Trump administration proposed its secret science rule: <https://www.epa.gov/newsreleases/epa-administrator-pruitt-proposes-rule-strengthen-science-used-epa-regulations>.

I would be very grateful if you would relay the invitation.

Thank you.

Best wishes,

Elizabeth Shogren
